Yes, that's right, Candace Conti, our White Knight, has won her court case against the Watchtower Society!

I've just spoken with Candace's mum, Kathleen and here's what she told me:

The Judge asked Candace if she was happy with \$11.2 million punitive damages. Candace was happy with the amount! If she wasn't, the Judge would motion for a new trial, but again, that would only be if she wasn't happy with the amount awarded. But there will be

no retrial as Candace is happy!

If the Watchtower Society does not pony up the \$11.2M now and decides to file an appeal next month by the 19th September, they [that's the buffoons in Watchtower HQ] will have to start paying 10% interest on \$11.2 each year which would be over \$1M every year on top of the very expensive process of paying for the appeal itself. Either way, they're screwed!

Now go share this info with the planet!!!

And that my friends is how the Watchtower unleavened cookie crumbles. Expect Jehovah to start asking you all (current Kingdom Hall going Witnesses) for money.

Guys, I can't stop smiling, neither can Andrew. We're over the moon.

We're also in talks with Rick Simons, Candace's lawyer about publishing a joint press release. There are other current and ex-Jehovah's Witnesses who have suffered sexual abuse due to the [Two Witness Ruling](#). Due to her boldness and courage, Candace has proven to be our White Knight and the shining light of hope for those that are either too scared to talk or simply because until now, thought it impossible to break through the Watchtower Society's legal team.

If you know someone that has experienced sexual abuse, now is the time to speak up. Please [email the JWB Team](#) and we'll do our best to put you in touch with the right people.

Danny, let's do a joint write-up or press release about this. Can you contact your local newspaper in Maine?

I've already emailed my contacts in the local newspapers here in Cyprus about this and will issue a press release tomorrow for them.

Let's keep the ball rolling on this one. If you really want them "sued out of existence," let's do it!

It'll be interesting to see what bullshit story the Society comes up with to bleed more cash in donations out of ignorant publishers to try desperately to make up some of the short fall. 'Now dear Brothers and Sisters, anyone who hasn't taken out a second mortgage on their home and donated the proceeds directly to us will be severly punished by Jehovah at armageddon.....so cheque books out or ministerial privileges will be revoked.'

I'm confused. I thought the judgment was for \$28 mil & \$1.00 for punitive damages. So, what is the real \$\$ awarded to her?

In any case, the REAL victory is that she exposed those lying, cheating, rat bastards. I'm hoping she is the first of many to dry the coffers and force the old men being cared for in some shitty nursing home with the meanest staff who spit in their food and let them sit in their piss-filled Depends!

Penny August 28, 2012

I am a current Jehovah's Witness living in Sydney. I saw this post on Facebook and if I'm honest, feel a little disgusted with you all.

I am truly and deeply sorry that this young lady was abused, I really am, but to blame Jehovah's organization for this and to then swindle the American legal system, which is clearly the case, is an act against Jehovah. You were all Witnesses once, weren't you? Have you all lost your heads that much? Why not sue the evil fiend that did this. Expose him, not the society.

I was in Brooklyn, New York in 2009 and went on tour. You can see Jehovah's spirit at work. So once again, I need to ask why there's all this hatred against the society? Do you remember what it was like before you became witnesses? Maybe some of you were drug addicts, or even homosexuals. The society changed you. Please remember that and the good times. Do you remember the fine fellowship that was bestowed on you? My sister was disfellowshipped and until she returns to Jehovah will remain out in the cold. She's lost her friends and her family like you, thinks she knows better. You can run and try to hide from Jehovah, but never can you really feel liberated. Not after you've known all the wonderful things our God has done for you.

We're constantly warned against apostates and I can honestly see why. To be honest, I feel the most sorry for the author of this website. He/she seems to be extremely clever and bright and is a good author, but your wires are twisted. How old are you? Where are you from? Were you born as a witness or convert later. Also, what is your real name? Why do you hide behind the name "Teeny"? Do you feel guilty with your actions and so need to hide your identity? The end is so close now. Just take a look at this world. It's dying. Do you, Teeny really think Jehovah will allow it to die? Wise up and get real please. Your life and all your lives are at stake. Jesus died for us. Don't throw that away, please.

Again, I am truly sorry for anyone that has suffered abuse, but you can't blame the society for the mistakes of an individual. That's just not right. I do hope that the young lady can donate her proceeds to a charity or even find it in her heart to not accept the societies money. The money that they'll give you is from our hard earned donations. Please think about what you're doing. Both my husband and I are pioneers and have been for 21 years. You all know what that means. We have dedicated our lives to Jehovah. We could have gone onto higher education and earned a great deal if we wanted careers in this dying system, yet we chose Jehovah's way. In that time, we have helped many come to the light and I hope this comment of mine can restart your hearts.

You know it's ironic, I have personal letters from Elders, Presiding Overseers, and Circuit Overseers stating almost word for word what you wrote in their efforts to "restart" me.
All of them are out of your precious "truth" now.
Keep pioneering in blind faith and tell yourself what you need to hear.

Wow so you think it should go to a charity or she shouldn't take it because thats all of your alls hard earned working money really??? Did anyone hld a gun to your head and make you dedicate your life to being a witness?? NO did anyone hold a gun to your head and say if you dont put your money in here we will kill you?? NO you dedicated your life to walking around in all types of degrees of weather young or old because you all choose to!! Yeah the society should be the blame for this they put some old pervert in charge (of gods house lol) and look at the outcome!!

Penny thanks for commenting. Unfortunately, your response is expected. Please realise that the Watchtower Society as an organization implemented policies that directly led to children being molested, led to the cover-up and protection of child molesters and also meant that the acts were not reported to the police properly. This has been proven. Do you honestly think that Jehovah's Witnesses are flawless and that everything 'apostates' say are lies? Seriously, grow up and try actually getting the point here.

Penny, to be honest with YOU I am a disgusted that you are agreeable to the 2 eye-witness rule. Have you actually READ any of the court transcript? The only ones trying to "swindle" here is the WTBS. Even their lawyers couldn't refute the exposed cover ups. Get your head out of the sand and do your research; otherwise, you really look like an idiot, talking of things you know NOTHING about, quite obviously. And I will add: As a woman who, in essence, sides with the WTBS, I am APPALLED you would do this. Just remember: Jehovah cleaned his house back in the day and he certainly can do it again. Who side will YOU be on? God's or the Org? Think, before you answer. I'm sure you'd be singing a different tune if Candace was your daughter, too. Shame on you.

Do not waste time trying to explain to the world what they do not want to spend time in learning to understand. The old saying walk a mile in a person's shoes before casting a decision. We are not judges but carriers of the word. Jehovah is in full control of his Organization. Yes MEN and WOMEN will make mistakes and have to owe up for them as they and we are all human and make mistakes. Now we must exercise the next commandment Christ sent for us all and that is to Forgive and move on in life.

Oh for heavens sake – the whole point of this court case is that the WATCHTOWER as an organization were found culpable. It wasn't just the individual person acting alone. It was the Watchtower policies that allowed this to happen, and they tried to cover it up! If Jehovah is in full control of his organization, then he must think child molestation is fine.

See, the problem I have here, is that the Governing Body is supposed to be appointed by God, right? So please explain to me why a loving and caring God would put it into the minds and hearts of these men to come up with a "rule" which states a victim has

to have 2 eye-witnesses to the molestation or rape. This "brother" Kendrix raped his own daughter and the brothers knew it. Then he raped Candace over a period of three years. The fam went to the brothers, and the brothers are INSTRUCTED TO CALL LEGAL FIRST & ENCOURAGE THE FAMILY NOT TO CALL POLICE so as to not bring reproach on Jehovah. Um, don't you see anything wrong with that? If not, you are a fool and you too, have your head in the sand. I weep for the innocent children who have to suffer because the GB is too stubborn to change their rule to spare such heartache and horror for 1000's of children. That's right...do your research..1000's upon thousands, in fact. Don't beleive me? DO YOUR RESEARCH!

Crazy how when other religions make mistakes, you JW's call them false religion, but when you JW's screw up, its cuz people are flawed.

Fact is this: the Organization by law must protect its members. The courts don't care if a make believe God forgave a dangerous pedophile. The law says they aren't allowed near children.

Because of Watchtower policy, the Elders let a man they knew to be a pedophile go out on service alone with a 9 year old girl.

The girl told them she was molested by this pedophile they paired her up with and they said because she didn't have two witnesses (only one other victim at the time), the sick pervert was to be viewed as innocent. And let's face it, Watchtower policy says that if she continues to accuse a man the Elders deemed innocent, it's spiritual slander and she'd be disfellowshipped.

So when this horrible monster molested ANOTHER girl in the congregation, the Watchtower Society was responsible. That's not twisting the legal system, it's how the law works. Those responsible for crimes are found guilty of those crimes.

Now here's the thing: You claim Jehovah is in control of the Society. So you acknowledge he is protecting pedophiles, people who support and protect pedophiles like yourself, BUT he's letting children be hurt.

Some JW's have common sense, but sick perverted losers like yourself that defend an organization loaded with murderers and child molesters, you need to be branded so we can see your sickness from miles away.

Don't they claim to be a religion that puts all their efforts into 'spreading the good word', funded entirely by donations?

Would appreciate being enlightened.

The problem is, the JW's are FORBIDDEN to think for themselves..Whatever the Watchtower, Bible & tracy Society says, they do. They state beware of the big bad whatever, and stay away, and they do. Want to know WHY they are to stay away from things like FB or other sites who have negative things to say about them? Its because they might ACTUALLY find out the TRUTH about the "truth", as JW's nickname their religion.

The internet is exposing this "truth" group, and their leaders try to hide it from them every way possible. and THAT is the Truth!

But I'm really curious about the money they have. Hypothetically speaking, if they were perfectly legit in every other way, is there any possible legitimate reason to have so much money? And if not, why can't the drones see the problem? I mean, maybe the org's wealth never occurred to them, but now this is very public, surely some will catch on?
